MEMORANDUM FOR THE RECORD

Morning Meeting of 22 January 1969

The Director indicated his approval of such a detail provided it is made clear that this is part of our normal staffing responsibilities as opposed to establishing a precedent for providing professionals on an ad hoc basis.

DD/I observed that, since Secretary Kennedy is to be an NSC participant, he should probably be provided the CIB on a regular basis. The Director indicated his approval.

DDCI noted that Senator Russell would probably be interested in the history of 303 Committee reviews of JRC requirements. DDCI said that he will prepare a short briefing paper for the Director.
